A large number of farmers are sowing wheat this year, and the average is going to be large. We hope to see a good season and a large yield.

Lane is always the first man to put prices up on produce.

Sam Field the speckled negro, confined in jail a few weeks ago on complaint of his wife, was released Friday, having served out his time.

Lane pays 15 cents for eggs and makes a profit one way.

Corn cutting is the order of the day, and the farmers say it is in fine condition for harvesting as it is standing straight and has ripened from the top down instead of from the ground up.

Farmers let your eggs come to Lane, at 15 cents.

Our good subscriber and old esteemed friend A. A. Conard, gave us a substantial call Monday. He is well pleased with his crop this season, and said: my wheat was excellent, my flax first class, and my corn is boss.

Farmers, Lane has made a call for three hundred thousand dozen eggs at 15 cents.

The farmer will soon be realizing money on his abundant crops, when we would prayerfully remind him of the wants of the printer. We have waited long and patiently, now as providence has blessed you we would respectfully ask for a small share of the blessing.

**WINE OF CARDUI**, a Tonic for Women.

Married, on the 12th inst., by D. G. Newsom, Esq., Mr. A. F. Conde to Miss Zennia Chitty, of Butler.

We received a letter from our young friend, Chas. Eldridge, ordering his paper changed from Wichita, Kan., to Indianapolis, Ind., where he has been transferred by his company.

C. W. Lucas, who has been visiting his sister, Mrs. J. W. Badger, for some time, returned to his home in Ohio yesterday. He was accompanied as far as Kansas City by Mr. Badger, who went on legal business.

Come in and see what we have for a line of school supplies before purchasing.

A Chambersburg, Pa., man was arrested, recently, and fined 67 cents apiece for eighty-five oaths. The imposition of fines for profanity is not a novelty, but 67 cents per oath is an odd sum. Perhaps the price of oaths has been marked down from \$1 in Chambersburg.

Lane wants three hundred thousand chickens, see price.

Cards are out announcing the marriage of T. P. Crawford to Miss Irene Lewis on Wednesday, Sept. 25th, 1889, at the Baptist church in Dana, Mo. The TIMES extends congratulations and best wishes.

The teamsters hauling between here and Rich Hill, are complaining not a little about the grade over the Marias Des Cygnes bottom on the opposite side of the river from this city. They say the road is almost impassable for loaded or empty wagons. If this condition of affairs exist it seems to us it is high time the overseer was looking after the road.

See Lane, the farmers friend, and sell spring chickens to him at 6 cents cash and 8 cents in trade for the next four days.

The publishers of St. Nicholas announce that that popular children's magazine is to be enlarged, beginning with the new volume, which opens with November, 1889, and that a new and clearer type will be adopted. Four important serial stories by four well known American authors will be given during the coming year.

Dr. Betz informs us that the Dickey tract of land near Cornland, was purchased last week by Kansas City parties for \$60,000.

County court convened Monday for the purpose of drawing the grand and petit jurors for the November term of circuit court and for the transaction of such other business as might need their attention.

Pharis & Son always pay their customers the highest market price for butter, eggs, chickens, &c., and sell at reasonable prices. Closest figures on flour in 500 pound lots. Those who desire to buy groceries in large quantities for cash, will do well to see them before purchasing.

Joseph L. Ryon and Miss Rosa Brixner were united in marriage by Rev. Alex. Walker, Sunday evening. The ceremony was performed at the residence of the bride's father Adam Brixner, five miles east of the city. The TIMES wishes the happy couple the best of prosperity.

## Colt Show!

There will be a public show of the colts of the noted stallions Mambrino Chief, Jr., and Timothy, at Butler on Saturday, September 28th, 1889. Seventy dollars in premiums will be given. Parties having colts of these stallions are invited to exhibit them. Breeders are invited to come and see the colts.

WESLEY WARNOCK.

Hon. John T. Smith, who has been visiting his parents in Montana, during the past two months—returned home the latter part of last week. He was accompanied home by Mrs. Francisco, who also spent the summer in the Territory visiting.

We have on hand a large lot of plain and fancy flower pots which we sell at low rates. As we manufacture these goods we can retail them cheaper than anyone can buy them at any factory. Call at the pottery and be convinced that these are facts.

Constable C. B. Lewis went to Cornland yesterday to cry a sale for C. E. Riley. As an auctioneer Mr. Lewis has few equals in this section of country, and in all the sales that he has cried he has given general satisfaction. If you are thinking of selling out and want the services of an auctioneer that will make your property bring every dollar it is worth employ C. B. Lewis.

Ex-Sheriff Hanks received a very interesting letter from John M. Courtney, who is enjoying himself at Salt Lake city. He gives a glowing description of that city and the surrounding country, of the climate, minerals, fishing, hunting, etc., etc. He said that sheep growing in that country is a great industry, the Mormon church collecting the sum of \$750,000 revenue from that source, being one tenth of the increase.

A Cutting Scrape at Hover.

Last Wednesday evening at the little village of Hover, in Vernon county, quite a serious cutting affair occurred between Andrew Meeks and two of Col. Hogan's sons, in which Meeks is reported so dangerously hurt that he is likely to lose his life, having been stabbed to the hollow by one of the aforesaid boys. The row was raised by one Sam Gallmore, but being of a rather timid nature he backed out and let the Hogans fight the battle for him. Meeks had threatened to "clean out" somebody when one of the Hogan boys made for him. Hogan struck him with a sling shot, breaking his jaw, but he knocked Hogan down proceeded to do the cleaning out process, when Hogan's brother whipped out a knife and stabbed him, fatally, it is supposed. The Hogans fled, but the latest reports say one of them was captured at Prescott. The affair is believed to have been an old grudge revived.

Drs. Meyer & Brooks, specialists, consulting and staff surgeons of the Leibeig World Dispensary, will be at the Laclede hotel, Saturday Sept. 21, 1889. The doctors propose including the city of Butler in their monthly rounds. All parties requiring medical or surgical aid should call and see the doctors. Consultation and examination free.

The Brazilian tiger which escaped from Forepaugh's show at Clinton Saturday a week, was captured alive Friday about two miles from Clinton, by T. R. Lucas and Wm. James. Mr. Lucas said he was on his way to the pasture and saw the animal lying by the road side, and when within a few yards of it, it got up and leisurely walked into a corn field. He had with him a fox hound and the dog went for the animal. He then went back to the house and got Jones, a shot-gun, a small terrier and rope. The dogs soon started up the tiger and chased it about a quarter of a mile and completely worried it down. Lucas then walked up to within seven feet of the animal and threw the rope over his head, choked it down and securely bound it. It was then taken to the house, and after securely binding it with chains it was taken to Clinton and Mr. Forepaugh notified. Missouri farmers are stalwart and brave, but we swear we would not have tackled that tiger for Forepaugh's whole show much less the \$25 reward.

Drs. Brooks & Meyers, staff surgeons and consulting physicians of the Leibeig World Dispensary and International Medical and Surgical Institute of Kansas City, will be at the Laclede hotel Saturday, Sept. 21st 1889, one day only, for the purpose of visiting their many patients in this vicinity, also to contract with all parties desiring medical aid. Call early.

We have a large assortment of plain and decorated flower pots and hanging baskets and no one under sells us on these goods, as they are bought direct from the factory.

Rev. Alex. Walker, Pastor of the First Presbyterian church, of this city, who has been recuperating in Wisconsin and Minnesota, for the past month, is home again, and we are glad to note was greatly benefited.

It looks like a burlesque to kick Tanner out of one office and then turn right round and give him something better. If he was unfit for commissioner then he is not fit for the recordership of deeds of the District of Columbia at a salary of \$15,000 a year.

The Jail is chuck full of prisoners, and as there exists a law in this state against cruelty to animals, the people of Bates county ought to be prosecuted for not building a Jail suitable to the wants and demands.

Meeting of the Presbytery.

The Kansas City Presbytery of the First Presbyterian church will meet in this city next Tuesday evening. The opening sermon will be preached by Dr. Edwards, of Nevada, Mo., at half past seven o'clock. The presbytery will be in session about three days and there will be fifty or sixty ministers and elders present. The TIMES hopes to see this meeting one of the most pleasant in the history of the presbytery and in order to accomplish this the good citizens of Butler should put themselves out to see that each and every member is royally entertained and made to feel as soon as they enter the gates of our city that the citizens of Butler, without regard to religious sectarianism, are a hospitable, warm hearted people and the visitors are more than welcome.

For the past month the church building has been undergoing substantial repairs and will be completed in time to begin holding the services next Sunday. A new and handsome Brussels carpet covers the entire floor and elegant opera chairs have taken the place of the benches.

Rev. Shackelford, pastor of the M. E. church (south) of this city, preached his farewell sermon to his congregation Sunday morning last. He has two more appointments at this station before the meeting of conference, but on account of receiving an invitation and desiring to attend the dedication of the new church at Rich Hill Sunday, Bishop Hendricks officiating, he called the appointment at this place for next Sunday, and invited his congregation to attend the services at the dedication. On the following and last Sunday, he has or will secure a substitute to preach for him at this place. His sermon Sunday was one of the finest he had preached during the year. Rev. Shackelford has been with us one year, and so far as we know, has given entire satisfaction to the members of his church. He is a gentleman of fine ability and one of the best and most popular preachers in the conference and has done good work for his church in this city.

The proposition to send Mr. Tanner as consul to Melbourne, while it has certain most commendable features, will greatly embarrass Mr. Wool-tax Wallace of Missouri, who has moved heaven and earth for that comfortable position since the inauguration. The question now to be considered is whether the nation can spare Tanner as well as Missouri can spare Wallace.—Kansas City Star.

## A Great Battle

Is continually going on in the human system. The demon impure blood strive to gain a victory over the constitution, to ruin health, to drag victims to the grave. A good reliable medicine like Hood's Sarsaparilla is the weapon with which to defend one's self, drive the enemy from the and restore peace and bodily health for many years.
